

SATYASAI S

DATA ANALYST

Long Beach, CA, USA | +1 (747) 221-6324 | satyasaiseeni.01@gmail.com | [LinkedIn](#)

EDUCATION

Master of Science (M.Sc.) – Information Systems
California State University, Long Beach, USA

Aug 2023 – May 2025

Bachelor of Technology (B.Tech) – Electronics and Communications Engineering
Gokaraju Rangaraju Institute of Engineering and Technology, India

Aug 2019 – May 2023

PROFESSIONAL EXPERIENCE

Data Analyst | BeachShops– California, USA

Jan 2024 – May 2025

- Collected and processed 50K+ transactional records from data sources, ensuring 98% data accuracy through comprehensive validation processes.
- Analyzed operational patterns to identify inefficiencies and developed automated dashboards tracking 8 key metrics, resulting in 20% workflow improvement.
- Applied sentiment analysis on 2,000+ customer feedback records using Python NLP, leading to 18% improvement in customer satisfaction scores.
- Implemented data-driven inventory tracking system analyzing consumption patterns, achieving 15% reduction in food waste and \$12K annual savings.
- Collaborated with cross-functional teams to translate business requirements into analytical solutions, supporting 3 strategic initiatives and influencing \$50K+ in budget decisions.

Associate Data Analyst | Pometek System Solutions Pvt Ltd - Visakhapatnam, India

May 2022 – Aug 2023

- Retrieved over 500K records from SQL databases using Python, then conducted exploratory data mining across five departments identifying key insights for actionable business strategies.
- Designed 15+ KPIs aligned with business objectives while establishing data quality standards, improving tracking accuracy by 25% and reducing errors by 22%.
- Built and maintained 10+ interactive Tableau dashboards, increasing data accessibility by 30% and reducing manual reporting time by 40%.
- Conducted statistical analysis and generated 20+ ad-hoc reports for executive leadership, contributing to 15% improvement in operational efficiency.

Junior Data Analyst | Pometek System Solutions Pvt Ltd – Visakhapatnam, India

Oct 2021 – May 2022

- Gathered and imported 100K+ records from business systems into centralized data warehouse, applying Python and SQL cleaning techniques to improve data quality by 20%.
- Performed statistical analysis to identify patterns in business operations data, supporting senior analysts in developing analytical frameworks.
- Engaged with stakeholders to develop 10+ KPIs aligned with strategic business goals, ensuring accurate organizational performance measurement.
- Automated data collection processes using Python scripts, reducing manual processing time by 35% and improving data pipeline efficiency.

SKILLS & COMPETENCIES

- **Programming & Databases:** Python, SQL, R, MySQL, SQL Server
- **Data Analysis:** Statistical Analysis, Data Mining, Predictive Modeling, Forecasting, A/B Testing, ETL
- **Data Visualization:** Tableau, Power BI, Advanced Excel, Dashboard Development, Business Intelligence
- **Machine Learning:** Regression, Classification, Clustering, NLP, Model Validation
- **Tools & Platforms:** Pandas, NumPy, Scikit-learn, AWS, Git, Data Warehousing

PROJECTS

Student Enrollment & Academic Performance Analytics Dashboard, Tools: Python, SQL, Tableau

- Visualized key academic metrics in Tableau, after extracting data with SQL, enabling data-driven insights resulting in academic advisors assisting 20+ students per week using trends.
- Built interactive Tableau dashboard tracking key academic metrics and early warning indicators, enabling academic advisors to improve student retention by 12% through data-driven intervention strategies.

Telecommunications Network Performance Optimization Study, Tools: Python, Power BI, Statistical Analysis

- Leveraged statistical modeling of over 50,000 network data points to discover and resolve the three biggest causes of network crashes in key geographic locations.
- Created automated Power BI reporting system monitoring network KPIs and developed recommendations that improved signal efficiency by 18% and reduced customer complaints by 22%.
