EDUCATION

Arizona State University

Master of Science in Information Technology, GPA 4.0/4.0

Tempe, AZ

Aug 2023 – May 2025

New Horizon College of Engineering

Bachelor of Engineering in Information Science and Engineering, GPA 3.78/4.0

Bangalore, India

Aug 2018 – Aug 2022

EXPERIENCE

Arizona State University

Graduate Research Assistant – Data Analytics & Reporting

Tempe, AZ (USA)

Aug 2024 – May 2025

- Extracted and processed large datasets using SQL improving data integrity and report accuracy by 30%.
- Developed Power BI dashboards to visualize academic metrics and operational KPIs.
- Automated recurring analyses with Python scripts reducing report generation time by 35%.

Trivent Legal

Data Analyst – Business Intelligence

Allentown, PA (USA)

Jun 2024 – Aug 2024

- Built Tableau reports summarizing performance analytics and client metrics across financial projects.
- Utilized SQL to join and clean data from Salesforce, Azure, and relational databases.
- Conducted ad-hoc analyses for U.S.-based stakeholders ensuring data consistency and completeness.
- Supported ETL workflow testing and documentation across Power BI and Snowflake pipelines.

EXL Service

Data Analyst – Data Quality & Automation

Bangalore, India

May 2022 – Aug 2023

- Created SQL and SAS scripts to extract and validate data from multiple structured data sources.
- Designed Power BI dashboards tracking operational KPIs improving data visibility by 25%.
- Monitored data quality scorecards resolving anomalies and redundancies in reporting systems.
- Partnered with U.S. teams ensuring accurate data mapping across cloud data environments.

The Sparks Foundation

Data Analytics Intern

Bangalore, India

Sep 2021 – Oct 2021

- Cleaned and modeled educational datasets using SQL and Excel ensuring consistency across reports.
- Prepared ad-hoc dashboards summarizing student performance trends and correlations.

PROJECTS

U.S. Analytics Dashboard Framework | *Power BI, SQL, Python*

- Developed reusable analytics templates for automated reporting to simulate real U.S. business use cases.
- Integrated Azure Data Lake and Snowflake to enable cloud-based data access for analysis.

Data Quality and Validation System | *SQL, SAS, Power BI*

- Built rule-based data quality checks ensuring 98% data accuracy across transactional datasets.
- Automated error reports and tracking dashboards to assist QA and compliance teams.

ETL Workflow Optimization Prototype | *Python, Databricks, Power BI*

- Optimized data pipelines for simulated healthcare datasets reducing refresh latency by 28%.
- Created visualizations highlighting data flow dynamics and anomalies for review teams.

TECHNICAL SKILLS

Languages & Tools: SQL, Python, SAS, Power BI, Tableau, Excel, Databricks, Snowflake, Azure Data Lake

Data Operations: ETL Workflows, Data Cleaning, Data Modeling, Data Validation, Data Accuracy, Reporting Automation

Analytics & Visualization: Dashboard Development, Statistical Analysis, Data Storytelling, Quality Scorecards

Domains: Finance, Healthcare, Retail, Technology, Compliance Analytics

Soft Skills: Collaboration, Communication, Troubleshooting, Time Management, Attention to Detail

Certifications: Google Data Analytics, Power BI Analyst, Tableau Specialist, SAS Programming, IEEE Data Integrity Publication
