## EXPERIENCE

**Data Analyst** | United Surgical Partners International | Dallas, TX

July 2024 – Present

- **Advanced SQL Analytics:** Recovered \$12.7M in healthcare revenue by performing complex analysis of 4.2M+ claims records using SQL, identifying hidden payer reimbursement cuts across 535+ facilities
- **Multi-Source Data Integration:** Built comprehensive ETL architecture integrating 5+ disparate systems to support automated data ingestion pipelines, eliminating 480+ manual hours monthly while maintaining 99.8% accuracy
- **Executive Dashboards:** Created integrated Power BI reports serving 150+ facility department leaders, transforming organizational culture from siloed competition to collaborative consensus-building
- **Predictive Modeling:** Developed machine learning algorithms identifying denial patterns across 15+ risk factors, enabling prevention protocols that saved \$1.7M in potential future losses
- **Strategic Financial Analysis:** Constructed sensitivity analysis dashboards enabling real-time visualization of key financial drivers and scenario modeling, supporting leadership budget decisions across 500+ facilities

**Business Intelligence Analyst** | Velera | Fort Worth, TX

January 2024 – June 2024

- **Power Query Automation:** Automated intricate financial calculations processing 55,000+ monthly data points using DAX and Power Query, achieving 50% efficiency enhancement in labor capitalization
- **Product Strategy Support:** Spearheaded a cross-functional initiative integrating accounting and development teams to refine the Revenue Forecasting Model, reducing forecast errors by 15%
- **Expense Modeling Optimization:** Engineered analytical excel model to analyze R&D project expenses, identifying \$250,000 in annual tax credit opportunities through detailed labor allocation evaluation

**Business Analyst Intern** | Highgate | Irving, TX

June 2023 – August 2023

- **Tableau Reporting:** Eliminated 40+ weekly hours of manual report development efforts by creating self-service analytics platform with drill-down capabilities across hospitality operations
- **VBA Process Automation:** Built comprehensive audit automation framework using advanced Excel VBA and macros, maintaining the highest compliance standards and creating detailed audit trails for regulatory requirements
- **Requirements Analysis:** Developed phased implementation strategy that delivered 70% of desired functionality within realistic timelines while maintaining the highest quality standards

**Sr Analyst** | Capgemini | Mumbai, India

June 2019 – June 2022

- **Agile Project Management:** Implemented cross-functional coordination processes that improved team productivity by 35% and secured \$2.3M contract renewal through superior project governance
- **Data Quality RCA:** Conducted comprehensive root cause analysis and UAT testing that identified timing and validation issues, restoring user confidence for 200+ daily platform users
- **Operational Standardization:** Established knowledge management system eliminating information silos and enabling systematic knowledge transfer across product, discount and inventory teams
- **Operational Excellence:** Analyzed transactional information and system performance metrics to optimize POS functionality, improving customer experience through enhanced checkout efficiency and reduced system downtime

## CERTIFICATIONS & TECHNICAL SKILLS

**Analytics:** Data Analytics, Financial Modeling, Strategic Planning, Business Analysis, Strategy & Governance, Predictive Analytics, Statistical Analysis, KPI Development, Performance Metrics, Market & Competitive Analysis, Warehousing

**Tools:** SQL (MS SQL Server, GCP), Excel, Python, R, Alteryx, Trello, Azure Devops Git, Visio, Jupyter, SAP BO, ETL Pipelines

**Machine Learning:** Predictive Modeling, Forecasting, Regression, Hypothesis Testing, Time Series, Trend Recognition

**Certifications:** HFMA CRCR Certificate, Alteryx Designer Core, IBM Data Analyst Professional Certificate

## EDUCATION

**Master of Science in Business Analytics** | The University of Texas at Dallas, Richardson, TX

May 2024

**Bachelor of Technology in Computer Science** | University of Petroleum and Energy Studies, India

August 2019
