PROFESSIONAL SUMMARY

Experienced Full Stack Developer with 3+ years of hands-on experience in building scalable web applications using Java, Angular, and Spring frameworks. Proven ability to deliver robust, cloud-native solutions by leveraging AWS services such as Glue, S3, and IAM, along with containerization tools like Docker and Kubernetes for efficient deployment and orchestration. Strong foundation in both front-end and back-end development, with expertise in creating responsive SPAs, integrating distributed sy

WORK HISTORY

Full Stack Developer at Total Wine More

June 2024 - Present (1 Year)

- Collaborated with Agile development teams to build and enhance full-stack applications using Angular for the front end and Java for the back end.
- Implemented integration workflows using Apache Camel to facilitate seamless communication between distributed services.
- Containerized applications using Docker and deployed them on Kubernetes clusters for scalable and reliable global operations.
- Optimized performance and reliability of cloud-hosted applications leveraging AWS services and best practices.
- Utilized Spring JDBC for efficient database interactions, ensuring secure and high-performance data access across modules.

Java Developer at Zensar Technologies

June 2020 - December 2022 (3 Years)

- Developed and maintained web applications using Spring MVC and J2EE frameworks, ensuring robust and scalable back-end architecture.
- Built single-page applications (SPAs) with Angular and designed Java-based GUI components to enhance user experience.
- Utilized AWS Glue to automate data loading and transformation tasks from S3, supporting large-scale data processing.
- Managed AWS IAM roles and permissions to enforce secure access control across cloud resources.
- Deployed and monitored applications using Docker, Kubernetes, and Splunk, ensuring high availability and real-time logging.

EDUCATION

Northwest Missouri State University - Masters Degree

Graduated 2024-01-01

- computer science

SKILLS

- Java (Programming Language), 3 years
- JavaScript (Programming Language), 3 years
- User Experience (UX), 3 years
- Access Controls, 3 years
- Agile Methodology, 3 years
- Amazon Web Services, 3 years
- Amazon S3, 3 years

- Architecture, 3 years
- HTML5, 3 years
- Automation, 3 years
- Scale-Up, 3 years
- CSS, 3 years
- Cloud Computing, 3 years
- Data Processing, 3 years
- Databases, 3 years

LANGUAGES

- English, Advanced
