

Shiva Prasad Aare | Data Analyst

Location: MO, USA | Phone: +1(316) -372-5941 | Email: shivaasp777@gmail.com | [LinkedIn](#)

SUMMARY

Data Analyst with 3+ years of experience in **statistical analysis**, **data visualization**, and **cloud computing**. Expertise in **Python**, **SQL**, and **R** for **data manipulation** and **modeling**. Proficient in **Tableau**, **Power BI**, and **AWS**, delivering actionable insights through dynamic dashboards and automated workflows. Proven ability to improve business efficiency by streamlining processes and optimizing **data pipelines**.

TECHNICAL SKILLS

Languages	Python, SQL, R
Databases	MySQL, Mongo DB, Oracle
Frameworks	NumPy, Pandas, Matplotlib, Seaborn, Scikit-learn, Matplotlib, Plotly
Visualization Tools	Tableau, Power BI, Excel, Qlik
Cloud & DevOps:	AWS, Docker, Git, GitHub
Analytical Skills	Data Cleaning, Governance, Gap Analysis, A/B Testing, Data Modelling, Data Profiling
Methodologies	Agile (Scrum, Kanban), SDLC
Tools	SAS, Jupyter Notebook VS Code, SAP, Jira, Asana. Scrum

PROFESSIONAL EXPERIENCE

Credit Suisse, MO, USA

Feb 2024 – Current

Data Analyst

- Designed and implemented advanced **data models** and analytical solutions using **SQL** and **Python**, integrating multi-system data into **AWS cloud**, improving processing speeds by **30%**.
- Automated **data pipelines**, centralizing data sources, and eliminating redundancies, reducing **report generation time** by **40%**.
- Developed interactive **Tableau dashboards**, visualizing **financial trends**, **revenue forecasts**, and **risk assessments**, enabling data-driven executive decisions.
- Conducted **statistical analysis** in **R** to identify operational trends, improving **revenue forecasting accuracy** by **20%**.
- Enforced **data governance practices** using **Git** for version control and validation checks, ensuring **data consistency** and integrity.
- Collaborated with **finance managers** and **IT teams** to refine **data models**, aligning analytical outputs with **business objectives**.

Data Analyst Intern (Credit Suisse)

Sep 2023 – Dec 2023

- Automated **data collection workflows** using **Python**, reducing manual tasks by **40%** and improving **data accuracy** for financial reports.
- Created **Power BI dashboards** for real-time insights into **revenue growth**, **asset performance**, and **risk exposure**.
- Enhanced **dataset quality** through cleaning and validation using **Pandas**, ensuring reliable **data for reporting**.
- Delivered actionable **Excel reports** with advanced visualizations, streamlining strategic decision-making processes for **senior management**.

Intex Technologies, India

Dec 2020 – Nov 2021

Data Analyst

- Automated **data workflows** with **Python** and **SQL**, integrating datasets from **financial databases** and **marketing platforms**, improving operational efficiency by **25%**.
- Built real-time **Tableau dashboards** and **Excel reports**, providing stakeholders with interactive **KPIs** and actionable insights, boosting decision-making efficiency by **20%**.
- Managed cloud resources with **AWS (S3, EC2)**, optimizing **data storage** and dynamic computational performance.
- Conducted **statistical analysis** using **SAS** and **R**, identifying trends that enhanced **supply chain** and **customer service efficiency** by **15%**.
- Implemented **data quality checks** and version control using **GitHub**, reducing errors by **30%** in operational reporting.

Citius Tech, India

Jan 2020 – Nov 2020

Data Analyst

- Developed a unified **customer analytics system** by integrating **CRM** and **feedback databases** using **SQL**, improving **data accuracy** by **35%**.
- Engineered automated **data cleaning workflows** with **Python**, addressing inconsistencies and enhancing **dataset reliability** by **30%**.
- Designed interactive **Tableau dashboards** to visualize **churn rates**, **customer engagement**, and **behavior patterns**, enabling targeted **retention strategies**.
- Conducted **A/B testing** on **retention strategies** using **AWS Glue**, improving **customer retention** by **15%**.
- Provided real-time **Power BI** and **Excel reports** for strategic decision-making, ensuring stakeholders had on-demand access to critical metrics.

EDUCATION

Master of Science in Computer Science

Dec 2023

Wichita State University

Bachelor of Technology in Computer Science and Engineering

Jun 2021

Bharath University
