E-Mail: shivaniananth09@gmail.com | (904)-219-8684 | linkedin: <https://www.linkedin.com/in/shivaniananth/>

Education

- **University of Central Florida** B.S of Data Science, Minor in Statistics, August 2021 - December 2025
Completed Coursework: Intro to C, Discrete Structures, Computer Science I, Statistics I-III, Calculus I-III, Data Visualizations, Algorithms of Machine Learning, Big Data Analytics, Statistics with AI, Data Science I

Relevant Skills

- **Programming Languages:** Python, R, SQL, C/C++, Java/Scala, JavaScript
- **Data Analysis & Machine Learning:** Azure, Tableau, Microsoft Excel, Power BI, TensorFlow, PyTorch, Scikit-learn, Pandas, NumPy
- **Big Data & Tools:** Apache Atlas, Unravel, Apache Spark, Apache Hadoop, Apache Hive

Experience

- **Data Science Intern, Florida Blue** May 2023 - Present
- Conducted daily system checks for **Unravel**, **Presto**, and **Posit Workbench** to ensure system reliability.
 - Automated user notifications through Unravel for prolonged server runtimes, **improving system efficiency by 20%**.
 - Managed and classified **metadata** using **Apache Atlas** to strengthen data governance and lineage tracking.
 - Updated and maintained technical documentation on **SharePoint** to ensure compliance and accuracy.
 - Created and maintained **architecture diagrams** for **cluster and edge servers** to support infrastructure scalability.
 - Administered storage quotas, optimizing home directory allocations to prevent capacity overages.
 - Developed and deployed a **Bash script** to validate **Python**, and **Java** dependencies, automating compliance checks and email alerts, **reducing manual workload by 30%**.
- **Kumon Instructor** November 2020 - August 2024
- Led engaging lessons, monitored student progress, and collaborated with parents to ensure academic success, demonstrating strong **leadership** and **communication** skills.

Projects/Certifications

- **World Happiness Project** August 2023 - December 2023
- Conducted regression analysis with **Python** and **R** on the World Happiness dataset.
 - Applied **machine learning** techniques, including **decision trees** and **support vector machines**, for robust data exploration and modeling.
 - Utilized advanced statistical tests (**ANOVA**, **Chi-Squared tests**) for rigorous evaluation.
 - Presented findings in a non-technical report, demonstrating strong system design principles.
- **Python Data Science: Unsupervised Machine Learning Course** June 2024 - Present
- Mastered clustering (**k-means**, **DBSCAN**), **anomaly detection**, and **dimensionality reduction (PCA)** using **Python** (scikit-learn, Pandas) and TensorFlow.
 - Prepared data through **feature engineering and scaling**, with applications in **cloud computing** and distributed computing environments.
- **Data Science Course** June 2024 - Present
- Performed **linear and logistic regressions**, building **machine learning models** in **Python** using libraries such as **scikit-learn**, **PyTorch**, and **TensorFlow**.
 - Focused on **feature selection**, **cross-validation**, and **model evaluation**.
 - Enhanced skills in **deep learning** and computer science with practical applications in image recognition and **natural language processing**.
- **Predictive Analytics for UFC Fight Outcomes Project**
- Developed a **logistic regression model** to predict UFC fight outcomes using **Python** and **R**, employing **data cleaning**, advanced **feature selection**, and machine learning algorithms to enhance **predictive accuracy**.
 - Utilized **resampling techniques**, cross-validation, and extensive data visualization to refine model performance, providing actionable insights for competitive sports analytics.

Leadership Experience and Clubs

- **Girls Who Code** August 2024 - Current
Taught Python programming to young women, enhancing their technology skills through mentorship.
- **American Cultured Desi Club Secretary** May 2023 - May 2024
Led a charity 5K run and promoted South Asian cultural awareness at the university.
- **KnightRaas Dance Team Manager and Dancer** September 2021- May 2023
Managed finances and social media, and competed nationally, showcasing cultural dance.
