

Shreya Reddy

USA | Ph:614-356-7334 | Email: shreyart181999@gmail.com

PROFESSIONAL SUMMARY

Detail-oriented and certified QA Engineer with over 5+ years of experience in Agile environments. Proficient in Manual and Automation Testing (Selenium WebDriver, TestNG, Cucumber), API Testing (Postman, SOAP UI), and performance testing (JMeter, LoadRunner). Skilled in creating and maintaining automation frameworks, executing functional, regression, and integration testing, and collaborating in CI/CD pipelines using Jenkins. Strong communication, analytical, and problem-solving skills with a proven ability to ensure software quality and project success.

TECHNICAL SKILLS

Testing Tools: Selenium IDE, Selenium WebDriver, SOAP UI, Postman, Cucumber, Gherkin, JMeter, LoadRunner

Languages: Java, SQL, HTML, CSS, XML, C

Databases: MySQL, SQL Server

Frameworks: Page Object Model, Data-Driven, Hybrid, BDD, TDD

Version Control: Git, GitHub

Defect Tracking: JIRA, Rally, Quality Center

CI/CD Tools: Jenkins, Maven, Azure DevOps

Operating Systems: Windows, Linux

Cloud: AWS (EC2, S3, RDS, DynamoDB)

PROFESSIONAL EXPERIENCE

****Software Engineer | Allegion | Indianapolis, IN | June 2023 – Present****

- Develop and execute test cases and automation frameworks using Selenium WebDriver, Java, and TestNG.
- Perform functional, regression, and performance testing using JMeter and LoadRunner.
- Conduct API testing using Postman and SOAP UI for REST and SOAP services.
- Collaborate with developers and DevOps teams in CI/CD environments using Jenkins.
- Perform backend data verification using SQL and monitor application performance with Grafana.
- Manage test cases, defects, and documentation using JIRA and Confluence.

- Conduct security testing (authentication, authorization, MFA, and SSO) ensuring data protection.
- Led performance testing for major product launch improving scalability by 90%.

****Quality Analyst | Wisestep | India | Jan 2020 – Dec 2021****

- Designed and executed functional, regression, and integration test cases for web applications.
- Automated test scenarios using Selenium WebDriver, Java, TestNG, and Cucumber frameworks.
- Conducted API testing using SOAP UI and Postman.
- Developed hybrid automation frameworks and enhanced test reusability.
- Worked closely with developers and business analysts in Agile Scrum environments.
- Used JIRA and Quality Center for defect tracking and test case management.
- Performed SQL validations for backend testing and data integrity checks.
- Prepared test reports, traceability matrices, and production rollout validations.

EDUCATION

Masters in computer science – Wichita State University, Kansas – (Jan 2022 - May 2023)

Bachelors in computer science– University – (Aug 2017 – Sep 2021)

CERTIFICATIONS

- AWS Certified Solutions Architect – Associate
- Certified JMeter Performance Testing
- Certified Performance Engineer3
