

Sid Sutton

Data Engineer

Objective

Sidney W. Sutton

970.391.3488 | sidsutton98@gmail.com | San Diego, CA

To pursue a career in tech that merges my passion for technology and psychology, enabling me to create meaningful, user-centered solutions that enhance people's lives and foster deeper human connection.

Experience & Skills

Alpharank / Data Engineer

SUMMER 2022 - PRESENT

Building and maintaining data processing pipelines that transform anonymized website interaction data into actionable insights for credit unions and small banks. Managing and optimizing databases to ensure data integrity, scalability, and reliable performance. Developing client-facing dashboards and visualizations that communicate insights clearly and drive data-informed decision making.

Alpharank / Technical Customer Support Agent

JANUARY 2021 - SUMMER 2022

Delivered technical assistance to small business owners using Alpharank's PPP forgiveness application platform, ensuring smooth onboarding and issue resolution. Administered data audits to maintain accuracy, compliance, and reliability of client submissions. Worked directly with financial institutions to support product adoption and uphold service quality standards.

CSU Cybersecurity Center / Data Science Intern

MAY 2020 - SEPTEMBER 2020

Conducted cybersecurity data science experiments centered around website phishing technology.

CSU Student-Athlete Support Services / Student Tutor

JANUARY 2020 - DECEMBER 2020

Led weekly academic assistance sessions for CSU students athletes.

Skills

Experience in Python, Java, C#, C, HTML, CSS, Javascript, SQL, AWS (S3, EC2, Athena, Redshift), Google Cloud (BigQuery), data visualization, Apache Airflow, Jira, & Github.

Education

Colorado State University / Computer Science

AUGUST 2017 - DECEMBER 2020 -- Fort Collins, CO

3.92 GPA on a 4.0 Scale. Earned a bachelor's degree in computer science under the human-centered computing concentration, combining computer science and psychology curriculum.
