Transferred from UMBC (Fall 2023 - Fall 2024)

Scholarships: HACSI Scholarship Recipient, UPAKAR Scholarship Recipient, NFIA Scholarship Recipient, OMSE Academy of Academic Excellence Award Nominee (2025)

Technical Skills

- **Programming Languages:** Python, Java, MATLAB, Processing
- **Software:** VS Code, GitHub, PyCharm, Eclipse

Experience

University of Maryland - Division of IT - Terrapin Tech

General Support Technician

July 2025 - Present

- **Customer Service:** Delivered IT support to students, faculty, and staff by troubleshooting common hardware and software issues in person and over the phone
- **Technical Support:** Sanitized and reimaged loaner laptops to ensure clean and fully operational devices for customer use
- **Device Management:** Facilitated with the pickup and return of customer devices, ensuring accurate handoff and documentation
- **Administrative Support:** Updated Hardware and Loaner Requests in ServiceNow to track device status and maintain service records

University of Maryland | Baltimore County

Registrar's Office Assistant

September 2023 - December 2024

- **Customer Service:** Supported the Registrar's Office by staffing the front desk, greeting visitors, and handling phone inquiries
- **Administrative Support:** Delivered timely and accurate information to students and office visitors, performing tasks such as filing, photocopying, data entry, and document scanning
- **Communication:** Coordinated between departments to resolve student inquiries, demonstrating strong communication skills in a fast-paced environment
- **Leadership:** Led a student team to improve the filing system, resulting in a 20% increase in efficiency

International Software Systems, Inc. | Greenbelt, MD

IT Summer Intern

May 2024 - July 2024

- **Skill Development:** Attended training workshops on Python and Power BI, enhancing programming and data visualization skills
- **Project Objectives:** Developed a web-based status reporting system with other interns, creating platforms for employees, project managers, and system admins to improve communication and productivity. Implemented features for logging daily activities and setting objectives. Gained hands-on experience in web development and user interface design
- **Leadership:** Led a team of 5 interns to complete a web development project on time
- **Communication:** Presented project outcomes to senior management, resulting in the adoption of new reporting tools.
