

Silpa Sebastian

SQL Developer | Data Analyst | Database Administrator

Phone: +1 (283) 218-8071

Email: silpa.sebastian7@gmail.com

Location: Cincinnati, OH

Professional Summary

Detail-oriented and analytical SQL Developer with 3+ years of experience in database design, development, and administration. Proven track record in writing complex queries, optimizing performance, and delivering data-driven solutions. Background includes teaching experience in computer science and software engineering. Adept at working in Agile environments, collaborating with cross-functional teams, and leveraging cloud and BI tools for robust data solutions. Seeking to contribute to dynamic tech teams with a focus on continuous growth and impact.

Technical Skills

Databases: SQL Server, MySQL, Oracle

SQL/Programming: T-SQL, PL/SQL, Stored Procedures, Complex Queries

Tools: SQL Server Management Studio (SSMS), SQL Profiler,

JIRA, MS Excel

BI & Reporting: Power BI, SSRS

Cloud: AWS

Other Languages: Java, C, C++

Operating Systems: Windows, Linux

Methodologies: Agile, SDLC

Professional Experience

Software Engineer

Muziris Softech Pvt. Ltd., Kochi, India | Sep 2021 – Jun 2024

- Designed, developed, and optimized complex SQL queries, stored procedures, and data extraction processes across multiple client projects.
- Contributed to full SDLC phases using Agile methodologies: requirements gathering, development, testing, deployment, and maintenance.
- Collaborated with cross-functional teams to resolve software defects and improve application performance.
- Used JIRA to manage sprint tasks, track project progress, and document deliverables.
- Worked with AWS for basic infrastructure support including deployment and scaling.
- Led knowledge-sharing sessions and assisted in onboarding junior developers.

Key Achievements:

- Improved report generation performance by optimizing stored procedures (40% faster response time).
- Played a key role in transitioning applications to a cloud-based environment using AWS.

Assistant Professor – Computer Science

C.E.T College of Management, Science & Technology, India | Oct 2014 – Aug 2017

- Taught core subjects such as System Analysis and Design, Java Programming, and Data Mining to undergraduate students.
- Designed curriculum content, assignments, and assessments to foster practical understanding of CS concepts.
- Mentored students in academic research and project development.
- Contributed to academic planning and conducted workshops, seminars, and interactive sessions.

Academic Research & Publications:

- “Framework for Design of Graybot in Social Network” – IEEE ICACCI, 2014
 - “GrayBot: Java Based Botnet” – IEEE ICAET, 2014
 - “JBot: Java Based Botnet” – ICATN, 2014
-

Education

Master of Technology (M.Tech), Computer Science Engineering – Information Systems

SCMS School of Engineering & Technology, Kerala, India – *Graduated: 2014*

CGPA: 7.61/10

Bachelor of Technology (B.Tech), Computer Science Engineering

Adi Shankara Institute of Engineering & Technology, Kerala, India – *Graduated: 2011*

Percentage: 72.38%

Projects & Tools Exposure

ETL and Reporting Projects using SQL Server, SSMS, SSRS

Cloud Deployment & Scaling: AWS EC2 for application hosting and basic automation

Data Visualization Dashboards in Power BI for internal analytics

Additional Details

Location: Cincinnati, OH

Work Status: H4 EAD (Eligible to work in the U.S.)

Availability: Immediately

Date of Birth: Sep 1, 1989
