EXPERIENCE

Service Receptionist

BMW of Bridgeport

Bridgeport, CT

10/2024 - Present

- Organize and coordinate 50+ weekly service appointments across five advisors, monitoring scheduling patterns to improve efficiency.
- Enforce dealership policies by verifying eligibility and appointment types, ensuring all procedures are followed correctly.
- Interact with customers in a friendly, professional manner; remained calm and solution-focused when resolving questions or concerns.
- Accurately process and balance high-value payments while protecting sensitive customer data.
- Collected and analyzed daily transactions, repair orders, and gas usage to create detailed operational reports.
- Maintain detailed inventory tracking for the waiting area, supporting smooth day-to-day operations.

Client Services Assistant

Diamond Asset Management

Ridgefield, CT

09/2023 - 09/2024

- First point of contact for clients, directing them to the appropriate financial advisor and maintaining contact with clients to promptly address any concerns and escalate issues.
- Manage and organize a digital filing system, ensuring timely responses and the appropriate routing of messages.
- Coordinate meetings and provide administrative support for financial advisors and project teams, including preparing slide decks for PowerPoint presentations, and utilizing advanced Excel tools to analyze data and capture information for leadership.

Teaching Assistant Manager

Information Technologies for Business

University at Albany, NY

01/2023 - 05/2023

- Specialized in all Excel functions such as mathematical equations, pivot table analysis, Vlookup, and macros.
- Organized records of schedules, student attendance, and available resources.

Teaching Assistant

Information Technologies for Business

University at Albany, NY

09/2021 - 05/2023

- Provided support to at least ten students weekly, answered questions, and explained class material.
- Improved students' Excel skills from basic to advanced.
