SUMMARY

Business Analyst with 3+ years of experience in data analysis, reporting automation, and process improvement. Skilled in SQL, Power BI, and Excel, with a track record of enhancing efficiency through data-driven solutions. Notable achievements include a 40% reduction in reporting turnaround time and recognition for accuracy in performance reporting. Seeking to contribute analytical expertise to support operational excellence at M Result.

EXPERIENCE

BUSINESS ANALYST | M RESULT | NOVEMBER 2022 – AUGUST 2023

- Designed and implemented reporting dashboards using Power BI and Tableau to drive executive decisions in healthcare analytics.
- Wrote complex SQL queries to extract, clean, and analyze datasets from relational databases.
- Supported cross-functional implementation teams with data-driven insights and operational KPIs.
- Built automated forecasting models using regression analysis to predict key business outcomes.
- Partnered with stakeholders to translate ambiguous business needs into measurable metrics.

JUNIOUR BUSINESS ANALYST | HETERO DRUGS | NOVEMBER 2020 - NOVEMBER 2022

- Supported daily and monthly performance reporting by organizing raw data into Excel and Access-based dashboards.
- Developed Excel macros and VBA scripts to streamline repetitive data entry and reporting tasks.
- Created and monitored KPIs to track manufacturing and logistics efficiency.
- Identified root causes of operational bottlenecks using ad-hoc SQL queries.
- Participated in requirement-gathering sessions to define enhancements in internal reporting tools.
