

SRUJAN REDDY THUNIKI

Software Developer

Pleasanton, CA 94588 | +1 209 792 2605 | sthuniki.98@gmail.com | [LinkedIn](#)

Summary

Results-driven Software Developer with 4+ years of experience specializing in designing, developing, and deploying scalable web applications and services using the latest C# and .Net technologies. Proficient in cloud platforms (Azure, AWS) and DevOps practices, including CI/CD pipelines, containerization, and infrastructure as code. Strong problem-solving skills and a proven track record of delivering high-quality software solutions in agile environments.

Experience

Software Developer Capex, USA	Aug 2024 - Current
- Reduced the dev cycle by 30% by implementing Agile methodologies. - Built and deployed microservices using .Net 6/7, Docker, and Azure Kubernetes Service (AKS). - Developed RESTful APIs with ASP.Net Core Web API and integrated Azure Functions for serverless computing. - Automated CI/CD pipelines using Azure DevOps and GitHub Actions, reducing deployment time by 30%. - Migrated legacy monolithic applications to .Net Core, resulting in 25% cost reduction. - Implemented Infrastructure as Code (IaC) using Terraform and monitoring using Azure Monitor. - Enhanced database performance in Azure SQL & Cosmos DB through indexing and query optimization. - Integrated Selenium test suites into CI/CD pipeline, reducing manual QA effort by 50%. - Participated in Agile sprints, delivering high-quality features on time and ensuring continuous collaboration with cross-functional teams.	
Full Stack Developer Simform, India	Jan 2021 - Nov 2022
- Developed and maintained enterprise-level web applications using ASP.Net MVC and Entity Framework. - Integrated third-party APIs and payment gateways, ensuring secure and seamless transactions. - Reduced application downtime by 40% during the migration process. - Implemented front-end features using Angular, enhancing user experience and responsiveness. - Collaborated with QA teams to identify and resolve bugs, ensuring high-quality releases. - Developed and maintained documentation for architecture, processes, and deployment procedures. - Implemented logging and monitoring solutions using Application Insights and ELK stack. - Assisted in the migration of on-premise applications to AWS, improving scalability and reliability. - Configured and managed cloud resources on AWS, including EC2 instances and S3 buckets. - Implemented Selenium-based automated test scripts for regression testing, improving test coverage by 40%. - Wrote unit and integration tests using xUnit and Moq, achieving 90% code coverage. - Participated in agile sprints, delivering features on time and within scope.	
.Net Developer Infosys BPM, India	May 2019 – Dec 2020
- Designed and developed RESTful APIs using ASP.Net Core for a multi-tenant SaaS application. - Implemented Azure DevOps pipelines for continuous integration and deployment, reducing manual errors by 40%. - Utilized Docker and KuberNetes to containerize applications and manage deployments in Azure. - Developed and maintained SQL Server databases, optimizing queries and improving performance by 20%. - Collaborated with front-end developers to integrate APIs with Angular-based user interfaces. - Implemented Azure Blob Storage for efficient file upload and retrieval processes. - Conducted performance tuning and load testing to ensure application scalability. - Worked closely with stakeholders to gather requirements and deliver tailored solutions. - Provided technical support and troubleshooting for production issues, ensuring minimal downtime.	

Skill

Methodologies:	SDLC, Agile, Waterfall, TDD
Languages:	C#, Java, Python, SQL
Frameworks/Libraries:	.Net Core/Framework, Angular, Entity Framework 6, LINQ, WCF, MVC, Web API, Microservices, ADO.NET, Restful
DevOps Tools:	Azure DevOps, GitHub Actions, Docker, KuberNetes, Terraform, Jenkins
Cloud Technologies:	Microsoft Azure AWS
Web Technologies:	HTML, CSS, JavaScript, Bootstrap, Ajax, TypeScript
IDE's:	SQL Server Management Studio, Visual Studio, Visual Studio Code
Application Server:	IIS6, IIS7, IAAS, Azure App Services (PAAS), Nginx, Apache, Tomcat
Database:	Microsoft SQL Server, MySQL, MongoDB, SQLite
Tracking/Other Tools:	Git, JIRA, SEO, VMware, SQL Management Studio, Fiddler, Source Tree, Visual Basic, Postman, REST API, xUnit, NUnit, Moq, Selenium
Soft Skills:	Communication, Leadership, Team Management, Collaboration, Continuous Learning
Operating System:	Windows, Linux

Education

Master of Science in Computer Science
University of the Pacific, Stockton CA
Bachelor of Technology,
ACE Engineering College, Hyderabad, India
