

STACY SHEMBO

IT Graduate Student

PROFESSIONAL SUMMARY

Detail-oriented IT graduate student with hands-on training in Oracle database administration, SQL, and Power BI, and a strong foundation in healthcare operations and inventory control. Known for stepping up quickly in high-responsibility roles—recently selected to lead a production line and support warehouse inventory under a Supply Chain Director. Comfortable working in fast-paced environments that require precision, collaboration, and technical learning. Actively seeking entry-level opportunities in IT, data support, or technical operations with room to grow.

EDUCATION

MASTER OF SCIENCE IN INFORMATION TECHNOLOGY, CONCENTRATION IN DATA ANALYTICS

May 2024 - Oct 2025

Southern New Hampshire University

Manchester, NH

- ♦ Applied full data analytics lifecycle to identify risk factors and recommend interventions, aligning with stakeholder objectives.
- ♦ Delivered insights through executive-level dashboards using Power BI, highlighting KPIs for non-technical audiences.
- ♦ Utilized SQL queries for extracting, joining, and filtering datasets during project analysis.
- ♦ *Nominee*, National Society of Leadership and Success (NSLS), SNHU – Fall 2025
- ♦ 4.0 GPA

BACHELOR OF SCIENCE IN BIOLOGY

Aug 2014 - Jul 2018

East Carolina University

Greenville, NC

- ♦ Active member and student leader: Black Student Union Ambassador, Historian for the African Student Organization
- ♦ Volunteer Mentor with Operation Sunshine, supporting youth development and community outreach
- ♦ Participated in service events at Greenville Community Shelter, Ronald McDonald Field Day, and local food banks
- ♦ Developed early leadership and communication skills through service and campus engagement.

PROFESSIONAL TRAINING

REMOTE ORACLE DBA INTERN

Instructor Charles Mukuamu | Mar 2025 – Sept 2025

- ♦ Currently enrolled in a 6-month intensive Oracle DBA program with hands-on training in database administration and data management.
- ♦ Gaining proficiency in:
 - ♦ **UNIX/Linux fundamentals** and shell commands
 - ♦ **Oracle installation** (12c and 19c), database creation, listener setup, and TNS configuration
 - ♦ **SQL & SQL*Plus** for querying and managing data
 - ♦ **Data manipulation**, tablespaces, datafiles, and database objects (tables, views, indexes)
 - ♦ **User management**, privileges, roles, and database security
 - ♦ **Backup & recovery techniques** (cold, hot, RMAN, expdp)
 - ♦ **Database cloning**, patching, and performance tuning
 - ♦ Exposure to **Data Guard configuration** for high availability

TECHNICAL SKILLS

♦ Data Analytics & Visualization Tools:

- ♦ Power BI – dashboard creation, trend analysis, and business reporting
- ♦ Tableau – user-centered design, audience-specific visualizations, and interactive dashboards
- ♦ SQL – querying, data manipulation, and joining datasets
- ♦ R – data cleaning, visualization, statistical modeling

♦ Programming & Data Management:

- ♦ Java – object-oriented programming fundamentals
- ♦ Oracle Database – SQL*Plus, database creation, data security, backups, recovery, and performance tuning
- ♦ UNIX/Linux Commands – environment variables, file permissions, and system navigation

♦ Other Tools & Skills:

- ♦ Microsoft Office Suite – Excel (pivot tables, functions), Word, PowerPoint
- ♦ Microsoft Visio – process mapping, flowcharts, and database modeling (e.g., ERDs)
- ♦ Microsoft Project – Gantt charts, scheduling, resource allocation
- ♦ Epic EMR – navigation, data entry, and validation
- ♦ Data Entry

EMPLOYMENT HISTORY

QUALITY & PRODUCTION LINE ASSISTANT (CONTRACT ROLE)**Jul 2025*****Dexios Services LLC******Cornelius, NC***

- ♦ Assisted the Quality Assurance Manager with product sample inspections, following SOPs, cGMP, and AQL protocols to identify packaging defects and ensure quality standards.
- ♦ Maintained accurate documentation using Good Documentation Practices (GDP), including traceability logs, labeling, and controlled data entry for audits.
- ♦ Selected by the Supply Chain Director to support warehouse inventory—scanned incoming/outgoing products, verified stock levels, and ensured items were properly shelved and accounted for.
- ♦ Took initiative to reorganize the Quality Assurance sampling storage cabinet, creating a chronological system that improved accessibility and earned commendation from leadership.
- ♦ Promoted to lead a production line within 2 months, overseeing inspections, capping, and packaging operations while ensuring adherence to safety and productivity benchmarks.
- ♦ Trained new line workers on proper procedures and collaborated with quality control and supply teams to streamline packaging flow.
- ♦ Supported cross-functional coordination between warehouse, quality, and production teams to align inventory movement and compliance across departments.

PATIENT REPRESENTATIVE II**Jul 2024 - Jul 2025*****Charlotte Radiology******Charlotte, NC***

- ♦ Liaised between clients, healthcare providers, and technical teams to ensure accurate data flow and timely service delivery.
- ♦ Managed high-volume data entry and verification using Epic EMR, supporting consistent reporting and workflow efficiency.
- ♦ Collaborated cross-functionally to identify process bottlenecks and recommend improvements to scheduling and documentation procedures.
- ♦ Tracked and documented recurring client inquiries to inform data-driven enhancements to service offerings.

MEDICAL ASSISTANT**Jun 2023 - May 2024*****Atrium Health******Charlotte, NC***

- ♦ Managed patient intake and prepared exam rooms, maintaining accurate medical records using the EPIC EMR system to support clinical efficiency.
- ♦ Performed administrative tasks including scheduling, prior authorizations, and chart updates, ensuring timely documentation and HIPAA compliance.
- ♦ Collaborated with physicians, nurses, and front-desk staff to streamline communication and enhance the overall patient care experience.

HYBRID LOAN PROCESSOR**Aug 2019 - Feb 2022*****QC Lending******Charlotte, NC***

- ♦ Conducted pipeline audits and updated Excel spreadsheets to track loan statuses and ensure data accuracy for refinance applications.
- ♦ Verified borrower employment and secured mortgage payoffs to support underwriting and closing processes in compliance with lending regulations.
- ♦ Collaborated with underwriters and loan officers to gather documentation, resolve file conditions, and meet processing deadlines.

REMOTE MEDICAL TRANSCRIPTIONIST**Oct 2021 - Aug 2022*****AQuity Solutions******United States***

- ♦ Accurately documented patient encounters in real-time within the EPIC EMR system, developing a strong foundation in electronic data systems and medical terminology.
- ♦ Organized and structured clinical documentation to support provider workflows, reinforcing attention to detail and consistency in data entry.
- ♦ Collaborated virtually with physicians across multiple specialties, enhancing communication skills and exposure to standardized data capture in high-paced environments.
