

Stephen Falk

Professional Summary

Detail-oriented and analytical Payroll Analyst with extensive experience managing complex payroll operations in large healthcare systems. Demonstrated expertise in processing payroll for union, non-union, and executive-level employees while ensuring compliance with federal and state labor laws. Skilled in utilizing payroll software (e.g., Kronos, Oracle HCM, Lawson) to streamline processes, resolve discrepancies, and support internal audits. Strong understanding of union contracts, healthcare-specific pay policies, and timekeeping systems. Dedicated to supporting HR and Finance teams with accurate reporting and contributing to the efficient financial operations of a mission-driven healthcare organization.

Work History

Catholic Health System - Payroll Analyst

Melville, NY

11/2022 - Current
