**Marketing & Web:** Adobe Experience Manager, HubSpot, HTML, CSS, SEO, SEMrush, UTM Tagging, Algolia, Shopify, WordPress, Screaming Frog, Google Search Console

**Project & Workflow Tools:** Jira, Basecamp, Slack, Microsoft Office Suite, Canva

**Soft Skills:** Problem Solving, Stakeholder Communication, Business Recommendations, Data Storytelling, Cross-Functional Collaboration

## CORE COMPETENCIES

• Digital Marketing Analytics, Data Visualization & Dashboarding, Statistical Modeling (R, Python), ETL Process Understanding, Campaign Performance Optimization, Strategic Planning, Customer Journey Analysis, & Segmentation Analysis, Forecasting & Trend Analysis, Financial/budget modeling, Category Management, Project/Process Management, Vendor Relations, Strategic Communication & Insights Delivery

## WORK EXPERIENCE

IV MEDIA LLC - SHOPHQ

*Digital Marketing Specialist/Marketing Analyst*

04/2021 – 06/2025

- Led cross-functional meetings with executives, merchandising, and marketing teams during the Director of Marketing's absence, ensuring continuity on high-impact initiatives and maintaining momentum on campaign execution.
- Assisted the Director of Marketing with strategic homepage content planning, and collaborated with designers to ensure creative alignment, using GA4 and historical performance dashboards to inform decisions based on seasonal trends and prior campaign metrics.
- Designed and maintained performance dashboards in Looker Studio and Excel to track key website metrics across 100+ brands; leveraged GA4 and SQL-based data modeling to deliver real-time insights on campaign effectiveness.
- Conducted exploratory data analysis (EDA) on user behavior, bounce rates, and engagement metrics using GA4, identifying UX gaps that led to a 25% increase in user satisfaction.
- Analyzed on-site search behavior and implemented Algolia rule configurations, reducing null-search results by 15% and significantly improving product discoverability and customer experience.
- Developed and delivered daily & monthly category performance dashboards to executive, merchandising, and marketing stakeholders, supporting strategic decisions on product placement, promotion strategy, and inventory planning.
- Owned content migration during Shopify re-platforming, managing content mapping, deployment timelines, and scheduling automation to ensure a seamless transition and platform readiness.
- Executed daily QA and content audits on the homepage, navigation, and promotional content, ensuring accuracy and compliance across 25K+ daily users and over \$200K in daily revenue.

- Supported SEO and SEM initiatives with competitor benchmarking, traffic source analysis, and UTM tracking, enhancing multi-channel attribution and campaign ROI across email, social, and paid media.
- Supported social media and email marketing teams by ensuring featured products were accurately linked and prominently placed on landing pages, maximizing conversion from multi-channel traffic.

IMEDIA BRANDS INC - SHOPHQ

*Marketing Intern – Web Team*

02/2021 – 04/2021

- Conducted daily QA checks of homepage and interior content, ensuring link accuracy, SEO best practices (including proper alt text), mobile responsiveness, and brand consistency.
- Collaborated on cross-functional content planning meetings, helping align creative, promotional, and merchandising goals with web strategy. Leveraged Google Analytics and historical data to inform content planning.
- Owned and maintained the Bulldog Men's Shopping site, coordinating with merch leads and programming calendars to ensure timely, relevant product placement.

## EDUCATION

### **Master of Science in Business Analytics**

*Hamline University – St. Paul, MN*

12/2023

### **Bachelor of Science in Business Management & Entrepreneurship**

*Minnesota State University Mankato – Mankato, MN*

12/2020

## PROJECTS

### **Sleep Health Predictive Modeling | R, RStudio, Excel**

*(Machine Learning Course Project)*

- Performed data cleaning, exploratory data analysis (EDA), and feature selection on a lifestyle dataset to assess factors influencing sleep quality and disorders.
- Built Random Forest and Logistic Regression models with 96.6%  $R^2$  and 91% accuracy, identifying sleep duration, stress, and heart rate as key predictors.
- Generated executive-level data visualizations and dashboards to communicate model findings and business implications effectively.
- Applied machine learning, classification techniques, and statistical modeling to inform preventive strategies for sleep health contributing to the development of data-backed public health recommendations.

### **MSP Flight Delay Analysis | Tableau, Excel**

*(Data Visualization Course Project)*

- Analyzed flight delay data to identify key disruption trends across carriers, seasons, and destinations.
- Created an interactive Tableau dashboard to visualize and present operational delay patterns.
- Provided data-driven insights for improving scheduling and resource planning.

### **SQL-Based Business Data Analysis | SQL, MySQL**

*(Data Visualization Course Project)*

- Wrote complex SQL queries to extract and analyze data on customer orders, inventory, and revenue.
- Designed relational schemas and applied data normalization best practices.
- Documented queries with inline comments to enhance reusability and team collaboration.

## CERTIFICATIONS

- Microsoft Certified: Power BI Data Analyst (PL-300) – *In Progress (Expected Nov 2025)*
- Power BI Certificate of Completion – *Bravura Training, In Progress*
- SQL Certificate of Completion – *Bravura Training, In Progress*
