

Suryudu Nalla

Software Engineer

9379727771 | suryudu.n@mymailkeeper.com | Dayton, Ohio | [LinkedIn](#)

SUMMARY

- Software Engineer with 4 years of experience building scalable web applications using Django, Flask, FastAPI, and React.js, with expertise in RESTful API development, database integration, and cloud solutions (AWS).
- Proficient in Spring Boot, Spring MVC, Git, GitHub, and AWS, enabling seamless collaboration on projects and efficient backend development. Skilled in Jenkins for automated, efficient CI/CD workflows for enhanced productivity.
- Passionate about leveraging DevOps tools like Docker, Kubernetes, and Jenkins to automate CI/CD pipelines and streamline the software delivery process.
- Expertise in database development with MySQL, SQL Server, and NoSQL databases such as MongoDB, including advanced skills in creating and managing Stored Procedures, Triggers, and complex SQL Queries.

EXPERIENCE

Fifth Third Bank, OH

Jan 2024 – Present

Software Engineer

- Executed robust state management solutions using Redux and Context API to handle complex application states efficiently, resulting in a 20% reduction in development time for React.js.
- Designed and developed high-performance RESTful APIs using FastAPI, reducing API response time by 30% through asynchronous programming and optimization.
- Integrated Spring Data JPA with relational databases to streamline data access operations by leveraging optimized query generation, pagination, and caching mechanisms. This implementation reduced query execution time by 25%, minimized boilerplate code, and enhanced overall application performance.
- Optimized scalable RESTful and MVC-based web applications using Spring MVC, implementing efficient controller logic, optimizing database queries, and fine-tuning API endpoints, improved application response time by 35%.
- Built a scalable and high-performance Spring application by implementing caching strategies (Redis) and asynchronous task handling, reducing page load times and improving user experience across high-traffic modules.
- Implemented automated deployment pipelines using Kubernetes and Helm, reducing deployment time by 50% and improving software delivery efficiency through streamlined workflows and reduced human error.

Fusion Software Technologies, India

Aug 2019 – Jul 2022

Software Engineer

- Developed lightweight APIs using Flask, enabling integration with frontend frameworks and improving API call success rate by 25%.
- Configured PyTest with Jenkins/GitHub Actions to automate regression testing, reducing deployment time by 25%.
- Employed scalable RESTful APIs using Spring Boot, ensuring 99.99% uptime and efficient handling of peak loads through strategic caching, asynchronous processing, and load-balancing techniques.
- Engineered and deployed serverless Flask applications on AWS Lambda, improving scalability and reducing operational costs.
- Established and deployed robust RESTful APIs using Node.js and Express.js, powering multiple frontend applications and improving data retrieval efficiency by 30%.
- Spearheaded Agile transformation, delivering a productivity boost and reducing defects by fostering a culture of innovation, continuous improvement, and customer-centric development.
- Partnered with QA and DevOps teams to integrate PyTest with tools like Selenium and Postman for end-to-end testing of APIs and web applications.

SKILLS

- **Methodologies:** SDLC, Agile/Scrum, Waterfall, TDD
- **Languages:** Python, Java, JavaScript, SQL, TypeScript
- **Frameworks/Libraries:** Spring Boot, Spring MVC, Django, Flask, React.js, FastAPI, REST API
- **Web Technologies:** HTML5, CSS3, JavaScript, Bootstrap5, jQuery, Ajax, JSON, XML, Redux, UI Frameworks
- **Cloud:** AWS (EC2, SQS, SNS, Elastic Beanstalk, Lambda, Code Deploy, and CloudWatch)
- **Testing:** Postman, Jira, Mockito, NUnit, PyTest
- **Database:** MySQL, PostgreSQL, MongoDB, Neo4j, Firebase
- **CI/CD and DevOps Tools:** Git, GitHub, Bitbucket, Jenkins, GraphQL, Docker, Kubernetes, Postman, SQLAlchemy

EDUCATION

Master of Science in Computer Science

GPA: 3.76/4.0

University of Dayton, Dayton, OH
