

# Svara Patel

Hoboken, NJ | 973-280-3282 | [LinkedIn](#)

## OBJECTIVE

Senior Business & Technology student concentrating in Quantitative Finance and Data Analytics. Skilled in financial modeling, valuation, and statistical analysis using Excel, Python, and R. Eager to deliver actionable insights in investment analysis, forecasting, and risk management as a financial analyst.

## EDUCATION

### Stevens Institute of Technology

*Bachelor of Science in Business & Technology*

**Hoboken, NJ**

May 2026

**Concentrations:** Quantitative Finance & Data Analytics

**Relevant Coursework:** Data Analytics, Data Management in R, Introduction to Computer Science, Financial Econometrics, Corporate Finance, Principles of Financial Accounting, Fundamentals of Probability for Finance

## EXPERIENCE

### Ogden CAP Properties

*IT Help Desk Intern*

**New York, NY**

Jun 2025 – Aug 2025

- Deployed and configured 200+ desktops/laptops across five properties and The Jefferson Hotel in Washington, DC, supporting technology updates for ~200 employees
- Scheduled and tracked deployment activities in Excel, and maintained detailed records to ensure accurate reporting and timely completion
- Delivered technical support by troubleshooting hardware/software issues and assisting employees across multiple properties

### Techfunic EdTech Startup

*Business Management Intern*

**Jersey City, NJ (Remote)**

Jun 2024 - Aug 2024

- Collaborated directly with the founder and international team to support expansion and streamline business operations
- Facilitated daily scrum meetings, assigned tasks, and on-boarded three interns who contributed to ongoing initiatives
- Exposure to QuickBooks bookkeeping, processed payroll in Gusto, and assisted with grant applications

## PROJECTS

### Corporate Finance - McDonald's Corp. Valuation Project

- Built a discounted cash flow (DCF) model with a 10-year projection, WACC (3.96%), and beta (0.73), identifying a 30% undervaluation and issuing a "Buy" recommendation
- Conducted sensitivity analysis on growth and discount rates, benchmarking against Domino's and RBI to validate assumptions

### Financial Accounting - Automotive Industry Analysis

- Conducted comparative financial analysis of Ford, Rivian, Tesla, GM, and Toyota, evaluating profitability, leverage, and liquidity metrics
- Recommended Tesla as the strongest investment opportunity, highlighting its growth trajectory and the diversification benefits of portfolio construction

### System Analysis & Design - ShopSmart App Prototype

- Designed a prototype grocery budgeting app for college students, integrating weekly budget tracking and savings features to promote financial literacy
- Created ERDs, context diagrams, and Agile sprints to map system functionality, improving user experience

## SKILLS

**Finance & Analytics:** Financial Modeling, Investment Valuation, Business & Data Analytics, Data Visualization

**Quantitative Methods:** Statistical Testing, Regression Analysis, Financial Risk Metrics, Market Research

**Technical Tools:** Python, Excel, R, Tableau, QuickBooks

## CERTIFICATIONS

- Bloomberg Market Concepts: Issued May 2023
- Google Data Analytics (In Progress)

## LEADERSHIP & ACTIVITIES
