SUMMARY

Detail-oriented Computer Science graduate with a strong foundation in data analysis, statistical modeling, and machine learning. Proficient in SQL and Python, with experience using libraries such as Pandas, NumPy, Matplotlib, and Seaborn to explore data and uncover insights. Skilled in transforming complex datasets into clear, actionable recommendations through data visualization and analysis. Passionate about applying data science to solve real-world problems and eager to contribute to a collaborative, insight-driven team.

TECHNICAL SKILLS

Languages: Python, SQL, Javascript, HTML, CSS

Developer Tools: Git

Libraries: pandas, numpy, seaborn, matplotlib

EDUCATION

Portland State University

Master's Degree, Computer Science, Major: AI/ML, Minor: Software Engineering

Portland, Oregon

2024

University of Madras

Master of Computer Application

Chennai, India

2011

University of Madras

Bachelor's Degree, Computer Science

Chennai, India

2008

EXPERIENCE

Development Intern

QW Consulting LLC- Consultants for the federal government.

Sept. 2023 - Mar. 2024

Portland, Oregon

- Created SSRS reports using SQL and Microsoft Report Builder
- Frontend web development, created/ updated web pages using HTML, CSS, javascript, React
- Created/ updated Webhooks using Python, VScode
- Created automatic integration tests using Cypress

PROJECTS

Breast Cancer Prediction

Analyzed Kaggle Breast Cancer Prediction Dataset in python and used Logistic Regression model to predict Breast Cancer in the test dataset.

Binary Classification for Diabetes Detection

Used Python to determine and compare the performance and accuracy of Machine Learning techniques to predict if a patient is likely to be diabetic or not.

Natural Language Processing - Diverse Model Approach to Fake News Detection

Explored fake news detection using different PLMs and LLMs using different datasets with Python.

Applying Privacy Enhancing Technologies to Adult Income Dataset

Applied k-anonymity and differential privacy to the adult income dataset and reported the prediction accuracy with change in k and epsilon values using Python.

CERTIFICATIONS

Datacamp - Data Analyst Track

Issued May 2025

Oracle Certified SQL Expert, Associate, Professional - Oracle 10g

Issued Sep 2012
