650 W Desert Valley Dr, San Tan Valley, AZ

Software Engineer | Full-Stack Developer | Creative Technologist

A self-motivated and creative software engineer with hands-on experience in full-stack development, strong artistic capabilities, and a passion for building interactive, user-centric solutions. Skilled at bridging the gap between functionality and visual appeal through both code and design.

Education

Arizona State University — *Bachelor of Science, Software Engineering*

Graduated: May 2025 | GPA: 3.5 (Cum Laude)

Professional Experience

SkillCity | Full-Stack Developer (Intern)

2024 – 2025

- Developed a scalable full-stack web application to address real-world challenges identified by an industry partner
- Focused on front-end development, implementing responsive UI components with clean UX design principles
- Integrated backend services using Node.js and Spring Boot; handled database interactions with SQLite/MySQL
- Created RESTful APIs to facilitate communication between the front end and backend systems
- Collaborated in a cross-functional Agile team with students and external stakeholders, delivering iterative progress via Scrum methodology
- Presented final solution to project sponsors and academic evaluators with positive feedback on performance and usability

Technical Skills

Languages: Java, JavaScript, Python, C#, C++, HTML/CSS

Frameworks & Libraries: Vue.js, React (beginner), Spring Boot, Node.js

Database Systems: SQLite, MySQL

Version Control: Git, GitHub

Development Practices: Agile, Scrum, RESTful API Design

Cloud: AWS (Foundational knowledge)

Core Concepts: OOP, Data Structures (Stacks, Queues), UI/UX Principles, API Integration, Debugging

Creative & Technical Tools

Clip Studio Paint

- Skilled in digital painting, cel-shading, and character design
- Strong grasp of color theory, composition, and human anatomy

Blender (3D Modeling & Animation)

- Intermediate proficiency in environmental design, procedural texturing, character & architectural modeling
- Experience in keyframe animation and efficient workflow using Blender shortcuts
- Introductory experience with Geometry Nodes

Filmora (Video Editing)

- Edited over 700 hours of content, including gameplay, drawing timelapses, and challenge-style videos
- Proficient in splicing, transitions, visual effects, and storytelling through video
