EDUCATION

Fordham University, Fordham College at Lincoln Center **Bronx, New York**
Bachelor of Science, Computer Science, Minor in Cybersecurity *May 2025*
Relevant Coursework: Computer Organization, Data Structures, Database Systems, Discrete Structures 1 & 2, Computer Algorithms, Forensic Computing, Data Communications & Networks, Cybersecurity & Applications, Java Programming, Data Mining, Secure Cyber Networks, Information & Web Programming

EXPERIENCE

Fordham University, Math and Science Department **New York, New York**
Clerical Student Worker *June 2024 – August 2024*

- Provided administrative support to faculty and staff, taking inventory, and document management
- Utilized office software such as Microsoft Office Suite (Word, Excel) to complete various tasks efficiently

Hyatt Flushing/LaGuardia Hotel **Queens, New York**
Front Desk *Summer 2022*

- Efficiently managed guest arrivals and departures, ensured accurate billing, payment processing, and reservations through hotel management software
- Collaborated with housekeeping and the manager to ensure rooms were ready for guests
- Managed the cashier including purchases and maintained accurate records while providing excellent customer service

PROJECTS

Quishing Detection using Machine Learning – Python, Scikit-Learn

- Developed ML models to detect malicious QR code URLs using a dataset of 195K+ entries
- Engineered threat indicators (URL entropy, structure) to identify phishing attempts
- Extracted structural URL features and trained models (Random Forest, Naive Bayes)

Vibe-Check – Mobile App – Swift, SwiftUI

- Designed and built an iOS app that recommends local activities based on user mood
- Integrated Google Places API to fetch venue recommendations

LEADERSHIP AND EXTRACURRICULAR

Desi Chai **New York, New York**
Event Coordinator *Dec. 2023 – May 2024*

- Designed visually appealing promotional materials, including flyers and posters using Canva
- Planned and executed a variety of cultural and religious events, including festivals and social gatherings to promote cultural awareness and engagement in a university setting

Coding Club **New York, New York**
Member *Sept. 2023 – current*

- Engaged in peer-to-peer learning providing support and sharing knowledge with other club members
- Networked with students, faculty, and professionals to build connections and explore career opportunities

SKILLS, CERTIFICATIONS AND INTERESTS

Computer Skills: C++, HTML, CSS, SQL, Java, Canva, Python, Swift, Google Suite, Microsoft Office, Opera (hotel management software)

Certifications: CPR Trained (not certified)

Language: Fluent in English and Bengali, conversational in Chinese (Mandarin)

Interests: Cybersecurity, Travel, Artificial Intelligence, Web Development, Dance (Bollywood, cultural)
