## WORK EXPERIENCE

### Software Engineer

Nov 2023 - Present

Wells Fargo | Texas, USA

- Developed Python and Django REST/GraphQL APIs, improving data retrieval by 40% for 2,000+ users
- Automated deployments on Azure Kubernetes Service with Docker, maintaining 99.9% uptime
- Enhanced React.js and Redux dashboards, improving responsiveness by 30% for compliance teams
- Built CI/CD pipelines with Jenkins, GitHub, and Docker, reducing release cycles from 2 weeks to 3 days
- Applied OAuth 2.0 and RBAC to secure APIs, improving audit compliance and reducing security issues by 25%
- Optimized PostgreSQL and Oracle queries with SQLAlchemy, cutting latency by 50% in high-volume systems
- Increased PyTest coverage to 92%, lowering post-release defects by 40%
- Worked with product, UX, and scientific teams to deliver multiple features supporting operations

### Python Developer Intern

Aug 2023 - Oct 2023

Foot Locker | Texas, USA

- Built REST APIs with Flask and FastAPI, reducing sync delays by 60% across device systems
- Integrated Redis caching, reducing API response times from 800ms to 250ms
- Developed data pipelines using Azure Databricks and PySpark, processing 5M+ logs per day
- Containerized services with Docker and deployed on Kubernetes in Azure, improving stability to 98%

### Associate Software Engineer

Jun 2019 - Jul 2022

TCS | Chennai, India

- Developed Django and MySQL APIs for retail analytics platforms managing millions of records
- Automated ETL processes with Python, Pandas, and Azure Data Warehouse, reducing prep time by 45%
- Created Hadoop and Hive pipelines for 100M+ transactions, enabling faster reporting and insights
- Built ML models with scikit-learn for customer segmentation, improving campaign conversions by 25%

## SKILLS

Python | Django | Flask | FastAPI | REST APIs | SQL | PostgreSQL | MySQL | Oracle | Redis | Pandas | PySpark | Azure | AKS | Databricks | AWS | Lambda | S3 | Docker | Kubernetes | Git | Jenkins | CI/CD | PyTest | Grafana | Agile | DevOps | Microservices

## EDUCATION

Master's in Data Engineering - *Data Engineering*

Aug 2022 - May 2024

University of North Texas (Denton, TX, USA)

Bachelor of Technology (B. Tech.) - *Computer Science and Engineering*

Jul 2016 - Apr 2020

Andhra University (India)

## CERTIFICATIONS

Microsoft Certified Azure Data Engineer Associate - (DP-203)

AWS Certified Developer Associate - (DVA-C02)
