Professional Summary

Results-driven **Data Analyst** with 4+ years experience, strong experience in data quality, data governance, ETL pipelines, and CRM data integrity across global companies. Skilled in SQL, Power BI, Python, and process automation to ensure accurate and consistent datasets for analytics and decision-making. Highly adaptable, flexible, proactive, and detail-oriented.

Experience

Data Analyst - Structurit (Apr. 2025 - Nov. 2025)

- Developed **interactive Power BI dashboards** for a national electricity client, improving KPI visibility and supporting data-driven decisions.
- Performed **SQL queries in DBeaver** and applied Python scripts to validate data accuracy and maintain consistent datasets.
- Led analytics initiatives in **Risk Management and HR**, enabling an **80% reduction in workplace risks** and a **70% improvement in workforce efficiency**.
- Collaborated using **Jira** and **GitHub**, ensuring structured project tracking, version control, and high data quality standards.

Data Analyst - Adecco (Apr. 2025 - Oct. 2024)

- Managed and cleaned **700,000+ records** from **Salesforce, Workday, SuccessFactors**, and e-learning platforms, ensuring data accuracy and consistency.
- Implemented **automated data validation checks** using Python, Power Query (M), and Google Apps Script, reducing manual errors and improving data reliability.
- Built and maintained **data quality dashboards** in Looker Studio to provide actionable insights for HR and Training teams.
- Collaborated with cross-functional stakeholders to resolve data discrepancies, document **data policies**, and strengthen overall data governance.

Operational Database Specialist - Cumorah Academy (Jan. 2024 - Aug. 2024)

- Designed and maintained **ETL pipelines**, improving data flow accuracy and process efficiency by **85%**.
- Conducted root-cause analysis to identify **data inconsistencies** and delivered insights for marketing and sales decision-making.
- Produced clear, data-driven reports for over **45 stakeholders and donors**, increasing project transparency by **75%**.
- Ensured data quality across multiple sources through systematic validation, documentation, and monitoring practices.

CRM Project Manager - Terraza Balear (Apr. 2023 - Jan. 2024)

- Led a CRM automation initiative with 10 managers, improving **data-driven decision-making** and reporting efficiency by **90%**.
- Reengineered **data architecture** using Python and Jira, strengthening data integrity and governance by **80%**.
- Built interactive dashboards in Power BI and Tableau to optimize marketing, sales, and operations performance.
- Coordinated cross-functional efforts to resolve CRM data issues, define data requirements, and support system enhancements.

Education and Certifications

- **Master in Business Intelligence and Big Data** - Instituto Europeo de Postgrado (IEP) (Oct. 2023 - Feb. 2025)
- **Bachelor's Degree in Sociology** - Universidad Católica Andrés Bello (UCAB) (2018)
- **Guided Learning in Artificial Intelligence Certification** - IBM (Sep. 2024 - Jan. 2025)
- **Leadership, Public Speaking, and English Certification** - Cumorah Academy (2024)

Skills & Interests

- **Technical Skills:** Python, SQL, Power BI, Power Query (M language), Google Apps Script, ETL Pipelines
- **Languages:** Spanish (Native) & English (Fluent, C1).
- **Interests:** Technology, artificial intelligence, traveling, and exploring diverse cultures.
