

Personal Information

Name: **Vijendher Reddy Patel** E-mail: vijendher2379@gmail.com
Sex: **Male** Nationality: **Indian** Phone: **+1 682-320-0362**
Address: **7815 McCallum Blvd, Apt 6102, Dallas, TX - 75252**

Objective

To obtain a summer and/or fall 2017 Internship in the field of Computer Science

Education

The University of Texas at Dallas, Richardson, Texas, USA Aug, 2016 to May 2018
Master of Science in Computer Science (Data Science), GPA 4.0
Birla Institute of Technology and Science, Goa, India Aug, 2011 to May, 2015
Bachelor of Engineering in Electronics and Instrumentation, GPA 7.03/10

Skills

Languages&Technologies : C, Java , R, JavaScript, SOA, RESTful services
Operating Systems : Windows, Linux
Databases : MySQL, Oracle
Frameworks : Code Igniter, RCP (Eclipse based framework for UI)

Academic Courses

Data Structures and Algorithms, Operating Systems, Design and Analysis of Algorithms, Data Communications and Networks, Mobile Telecomm Networks, Database Design, Web Programming Languages, Machine Learning

Academic Projects**Graduate Projects****Operating Systems August-December, 2016****1. Understanding and programming batch processes from xml files using java**

Project involving process creation, inter-process communication and pipes, by parsing xml files and executing those batch processes.

2. Implementing Task Executor with Thread pool design and multi-threaded synchronization

Designed task executor using thread-pool pattern taking multiple tasks from the queue, with multi-threaded synchronization and with the own implementation of blocked queue.

Web Programming Languages**December, 2016 - May, 2017****1. Online Bidding System from user registration, Search to Shopping cart**

Designing and Implementing a responsive website and E-Commerce web application based on the service-oriented architecture (SOA) with **RESTful** Web Services. All services are implemented via web services with queries to database.

Professional Experience

Software Engineer at **Fiorano Software Technologies Pvt. Ltd**, Hyderabad , India.

(July 2015 – July 2016)

Worked in the team eStudio which is responsible for complete **UI** (based on eclipse **RCP** or UI tools) which helps users to map the logical implementation directly to the physical implementation coordinating with **ESB** (Enterprise Service Bus) team using **RMI** (Remote Method Invocation) in the **Enterprise Middleware** product, which is built upon **JMS**(Java Messaging Service).

Worked on enhancements for converting the portion of enterprise product to open source, from using ant and svn to use maven and git.

Intern at **Internet of Things Division, Netcore Solutions Pvt. Ltd.**, Mumbai, India.

(July 2014 to December 2014)

Worked as full stack **web developer**. Developed and integrated the Form builder into the **CodeIgniter framework (MVC Pattern)** based server using languages and frameworks : **PHP, HTML, CSS, JavaScript, JQuery, Code Igniter Framework**.
