PROFESSIONAL SUMMARY

Project Management with 3+ years of experience leading cross-functional teams and delivering complex projects across industries.:

- Led end-to-end project life-cycles, stakeholder engagement, and risk management ensuring alignment with organizational objectives.
 - Expert in project management methodologies including Agile and Waterfall, with strong capability in resource allocation and budget management.
 - Proficient in implementing PMO best practices, developing project frameworks, and utilizing data-driven approaches for decision-making
-

TECHNICAL SKILLS

- **Project Management Tools:** JIRA, Microsoft Project, Visio, Trello, Asana, SmartSheet, Kanban, Microsoft Teams.
 - **Methodologies:** Agile, Scrum, Waterfall, SDLC, Lean Six Sigma.
 - **Programming Languages:** Python R, SQL, Java, Matlab.
 - **Analytics and Reporting Tools :** SQL, Tableau, Power BI.
 - **Business Tools:** SAP S/4HANA, Salesforce.
 - **Documentation:** Microsoft Visio, Confluence, Project Charter, Project Plan, Status Reports, Risk Assessments, WBS, Status Reports, Meeting Minutes & Action Items, RAID Logs.
 - **Functional Expertise:** BRD, FRD, RTM, Metrics Definition & Tracking, A/B Testing, Financial Planning & Analysis.
-

WORK EXPERIENCE

- Project Management Co-op,** **Schneider Electric, Boston** **May 2023 – May 2024**
- Facilitated project managers and cross-functional teams in planning, scheduling, and executing energy efficiency initiatives, ensuring 85% adherence to timelines and successful completion of project milestones using Microsoft Project and JIRA.
 - Monitored project execution through kick-off meetings, milestone tracking, and stakeholder communication, achieving 95% stakeholder satisfaction while ensuring seamless implementation of energy efficiency initiatives.
 - Conducted contract requirement analysis to ensure alignment with project scope and deliverables, mitigating potential risks and delays.
 - Developed and maintained comprehensive project plans, risk assessments, and reports for executive stakeholders, providing 100% visibility into project progress and ensuring alignment with energy savings goals, while maintaining quality assurance.
 - Collaborated with internal subject matter experts to provide technical support to customers, ensuring energy-efficient solutions met both performance and cost objectives.
 - Evaluated energy consumption patterns across 15 client sites with energy-efficient solutions, managing analytics teams to find the three largest energy deficiencies and drive future savings strategies.

Tools: Service Now, Salesforce, Microsoft Project, JIRA, Smartsheet, Confluence, Power BI, Microsoft Excel, PowerPoint

- Project Coordinator,** **Accenture** **Nov 2021 – Jun 2022**
- Executed end-to-end implementation of financial reporting transformation across 3 business units, enhancing reporting accuracy and efficiency.
 - Initiated project schedules, resource allocation plans, and budget forecasts for projects valued at \$1.8M.
 - Created and maintained 3 project documentation including charter, WBS, and communication plans, ensuring alignment with PMO standards.
 - Coordinated with 3 offshore project teams across different time zones, ensuring seamless project delivery and communication.
 - Established KPI tracking using Tableau dashboards, enabling real-time monitoring and reporting, resulting in a 25% improvement in project performance visibility.
 - Facilitated daily stand-ups, sprint planning, and retrospective meetings using Agile and Waterfall methodologies, improving team velocity by 20%.

Tools: Slack, Microsoft Project, JIRA, Smartsheet, Confluence, Tableau, PowerPoint, Trello, Asana

- Project Coordinator Intern,** **Leverage Edu** **Mar 2021 – Apr 2021**
- Spearheaded timeline management for two concurrent projects, leveraging MS Project to deliver projects on time while exceeding quality standards and improving client satisfaction scores by 15%.
 - Mastered project scheduling using MS Project, ensuring alignment with program timelines and achieving a 6.8% reduction in schedule delays.
 - Gained proficiency in developing status reports and project metrics using Excel and SQL, which improved stakeholder communication efficiency by 10%.
-

EDUCATIONAL QUALIFICATIONS

- **M.S. Engineering Management**, Northeastern University, Boston, MA
 - **B.S. Electronics & Instrumentation Engineering** Vellore Institute of Technology, India
-

PUBLICATION / CERTIFICATION

- **Certified Scrum Master (CSM)** **Jul 2024**
- **Design of low- powered, high speed, compressor- based multipliers (LINK)** **Dec 2022**

PROJECTS

IMPLEMENTATION OF LEED CERTIFICATION IN BREWERY

Jan 2023 – Apr 2023

- Aided energy efficiency initiatives in industrial settings, assisting in sustainability assessments and efficiency improvements to reduce environmental impact while managing a \$1.8 million project budget within a 13-month timeline.
- Championed LEED certification implementation across three industrial sites, slashing energy consumption by 15% and securing compliance with rigorous sustainability benchmarks for the company.
- Conducted risk assessments and identified potential roadblocks, developing contingency plans that reduced project risks by 20% and ensured timely completion of energy efficiency projects.
- Collaborated with stakeholders and technical teams to integrate high-efficiency equipment and sustainable solutions, aligning with industry best practices and regulatory requirements.
