

YUKTHA LAKSHMI

(315) 952-7379 · yukthalakshmiab@gmail.com · [LinkedIn](#) · [GitHub](#) · [Portfolio](#)

TECHNICAL SKILLS

Data Science: **NumPy, Pandas, Scikit-learn, Matplotlib, TensorFlow**, Keras, R Programming, **SQL**, AWS
Data Engineering: MySQL, Teradata, Snowflake, Azure Data Factory, **Microsoft Azure**, Visual Studio, SSMS, RDBMS
Software Tools: Atlassian, Advanced Microsoft Excel, Power Apps, PowerBI, Spotfire, Tableau, Quick Sight

WORK EXPERIENCE

iConsult Collaborative, Syracuse, NY

June 2024 – Present

Data Engineer

- Integrated data from multiple sources by building an **ELT pipeline**, extracted from shared folders, databases & delta lake
- Transformed data using **DBT**, utilized macros and user defined functions to reduce code & read latencies by **~80%**
- Constructed 30+ models having **incremental** loads, ephemeral tables, reducing runtime by **~60%** compared to legacy code
- Scheduled deployments in GitHub actions using automated workflows and cron jobs, setup alerts on job failures
- Designed 5+ dashboards in **tableau** to visualize 40k+ student data with KPI metrics related to student engagement

Advanced Skills: Python, **Snowflake**, Tableau, **Databricks**

ProHealth Group Inc., Birmingham, AL

June 2023 – May 2024

Data Engineer Intern

- Collaborated with business stakeholders, identified **key financial metrics** that affect operations
- Designed 15+ views in SSMS to extract data from 30 large tables to reduce schedule refresh issues by **~63%**
- Performed data wrangling using **DBT**, constructed a star schema for scalability on data analysis layer
- Constructed 6+ **PowerBI** dashboards for executives on revenue & profitability metrics by apply formulas using **DAX**
- Monitored trend changes in **KPI chart** and triggered alerts to business by defining rules in **Power Flow**

Advanced Skills: SQL Server Management Studio, Power Query, DBT, Power Flow

Larsen & Toubro Infotech, Bengaluru, KA

Aug 2020 – July 2022

Data Engineer

- Migrated data from **Teradata** to SQL Server, transformed using SQL with **98% accuracy** of migrated data
- Implemented an application using **PowerApps** by connecting to CDS pipeline and APIs by testing in Postman tool
- Developed 10+ reports using PowerBI and Spotfire for analyzing oil & gas production in **Supply chain** team of Chevron
- Achieved spotlight award for optimizing wastage to **20% from 35%** in refiners through data-driven insights

Advanced Skills: **PowerBI**, Spotfire, Teradata, Power Apps

PROJECTS

Music Recommendation System – [GitHub](#) - (Python, Machine Learning, Principal component analysis, Seaborn)

- Cleaned raw data having 15+ audio features of **170K+** Spotify songs, did categorical encoding using one-hot encoding
- Applied association rules conducting exploratory data analysis to understand dependency & did dimensionality reduction
- Optimized the recommendation by **K-means algorithm** with variance ratio criterion of **75k** & Silhouette score **0.503**

Student Data Management Application (Snowflake, Streamlit, Python)

- Migrated 20k student records from delta lake to snowflake using external table method & conduct data profiling
- Cleaned & transformed the data to create 4 dimensions and fact tables using dbt, implementing a star schema
- Developed a web application enabling faculty to perform CRUD operations seamlessly, replacing SQL queries & increasing user adoption by 75%

Bitcoin Trend Analysis – [GitHub](#) - (Python, **Forecasting**, ARIMA, SARIMA, LSTM)

- Perform data exploration to understand correlation between the 8 attributes, leveraged one-hot encoding method
- Forecast** weighted price using linear regression, gradient boost trees with RMSE ~54.51
- Compared RMSE values of ARIMA(~375) with SARIMA and LSTM to predict weighted price for **next 10 days**

EDUCATION

Syracuse University, Syracuse, NY

May 2024

Master of Science in Applied Data Science

GPA: 3.9 / 4.0

Coursework: Data Warehouse, **Big Data Analytics**, Applied Machine Learning, Cloud Management, Quant Analytics

Dayananda Sagar College of Engineering, Bengaluru, KA

May 2020

Bachelor of Technology in Information Science and Engineering

GPA: 9.4 / 10

CERTIFICATIONS

- PowerBI Data Analyst Associate – Microsoft certified PL300
- Databricks Lakehouse Fundamentals

Sep 2023

Nov 2023
